J. H. PERKINS HEAD OF FARMERS LOAN

Leaves Montgomery & Co. to Succeed Edwin S. Marston, Who Will Retire.

To those investors who must have funds readily available short term obligations are unusually attractive.

This is true because the yield is high, the security is good and the market is stable.

SUGAR.

Raw sugar declined again yesterday, the Federal being able to purchase upward of 50,000 bags of Porto Ricos on the spot and afloat at 5.27c. c. f. delivered, equal to 4.4c. c. f. for Cubas. The decline represents 4c. from the last previous day. Early in the day sugar was held at 5.2c. afloat, in part to the American. The trade expects further reductions in the price of refined sugar, the demand for which continued very quiet, due to unsettled markets and rapid price changes.

The range of prices in yesterday's sugar futures market follows:
